

## Student Headphone Replacement

Mays Chapel initially provided all students with a set of headphones as an option for classroom use. While headphones are not required, you may provide a replacement for your child to keep and use as their own. Should you choose to do so, we would encourage you to purchase an over the ear headphone similar to what we provide at school to help limit troubleshooting and distractions. Many students have difficulty with earbuds. Below is an example of the headphones that we provide at Mays Chapel. This and similar models are available at local retail stores as an optional school supply. Mays Chapel will continue to maintain a few spare sets to use for mandatory testing as needed. Please contact the main office with any questions. Thank you.
